

Shared Storage

Shared storage solution for Avid editing workgroups

Product Highlights

Modular disk expansion providing high performance and reliable storage ideal for Avid workflow

Up to 24 TB of capacity

Versatility to deliver the performance for IO intensive applications and streaming performance

Shared Storage Features

Up to 20 single stream clients at DV25, or up to 10 single stream clients at DV50

8 TB, expandable to 24 TB (up to 1846 hours of DV25)

Support for Windows XP and Windows Vista clients with the Avid Xpress or Media Composer

Intuitive graphical user interface

Ease of setup and maintenance

True file-level sharing for all clients

Full administration and monitoring capabilities

RAID protection for maximum security

Possible configurations

8 to 24 TB storage system

Key Benefits of Shared Storage

Compatible with Avid editing systems, like a Avid Xpress or Media Composer

True Avid project and media sharing

Guaranteed real-time performance and simultaneous frame-level sharing for Windows XP and Windows Vista clients

Cost-effective solution that enables immediate workflow efficiencies and a fast return on investment

Requires minimal hardware (all-in-one storage and server unit plus optional Ethernet switch); compact and portable - perfect for rental or remote use

No per-seat licenses: supports as many clients as will fit, up to the limits of the storage and network bandwidth

Shared Storage Specifications

Dimensions (HxWxD)

5.25" x 17.6" x 15.5"

Chassis Mount

Rackable cabinets with back-to-back mounting for double density; standard 19" rack compatible

Power Supply

Auto-switching 100-240 VAC (50-60 Hz)

Max Capacity

24TB

IPMI Remote System Management (Optional)

IPMI 2.0

RAID Levels

0, 1, 5, 6, 10, 50, 60

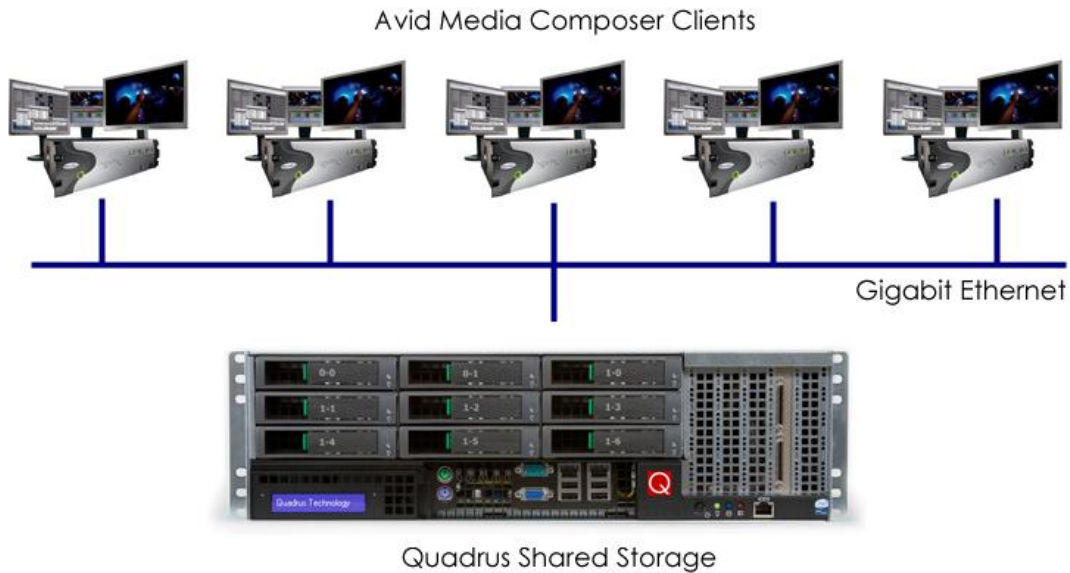

Hard Disk Drives

3.5" hot-swap SATA II drives

Chassis Profile

3U half-depth
